Therapy in you home

Medical Massage / Medical & Clinical Hypnosis / NLP / Mind Therapies /
Accelerated Healing & Relaxation Therapy

Due to the every increasing phone calls I have had recently I have decided to offer home visits for people who cannot attend my clinic in person, this is wonderful news for the disabled population as well as Agoraphobia clients who want to move forward with their life's and just cant make a clinic appointment.

The home visit sessions are detailed at the bottom of this page. Almost any condition I treat in my clinic can be treated in the comfort of your own home

[AGORAPHOBIA](#)

[Social Phobia \(Social Anxiety Disorder\)](#)

[Panic Attacks,](#)

[Fears, Phobias,](#)

[Abuse](#)

[Children's issues,](#)

as well as many other emotional issues that are holding you back in life.

A typical appointment will be for 90 mins and in that time we can get to know each other and explore your condition/s and start your treatment regime using the very latest techniques of NLP([neuro linguistic programming](#)) hypnosis , guided visualisations, EFT (Emotional Freedom Techniques) Clinical & Medical Hypnosis to assist your recovery from nearly all physical conditions, pre and post surgery and accelerated healing techniques.

You may have seen Paul Mckenna on TV helping people to change their lives, I use the same techniques as Paul as I was Taught by his Teacher, obviously the fees Paul is

charging is not open to the general public, Paul charges over £1000.00 to treat people so I have decided to make your treatment very cost effective indeed.

Ask your self the following before you decide to book an appointment with me.

What is is worth to get better?

How has your old thoughts , attitudes and beliefs cost you?

Has it put strain on your relationships/ family?

Have you had enough of suffering?

Do you really want to get well now?

Well if you answered the above questions and you feel that you need the kind of help I can offer you, then call me on **01782 202689**, please note that I do not answer my phone whilst I am with a client, so leave a short message on my answering machine and as soon as I am free I will return your call.

Fees for home visits

(What is it worth to move on with your life in a more relaxed way?)

Before I treat anyone I will need to so a consultation, this is done at the appointment time and takes around 15-20 mins, then we start your treatment.

If you are receiving Psychiatric Treatment or Clinical depression I will need a letter from your DR or Consultant, giving me permission to treat you.

You can also get a GP referral to be treated with Hypnotherapy, please ask your GP for a referral (I have an NHS Provider number which can be used for Hypnotherapy)
